

Testimonies from guys who responded to 5th Jul 08 Men's Conference **- Winning at Work and Home**

❖ J. K. – A yielding heart to draw men a step closer to Jesus!

The high demand and strict discipline working environment in Japan didn't deter J. K.'s respond to God's prompting – PDA. He shared with his colleague about his daughter's journey through a 4 minutes video clip shortly after lunch hour in Office. One Saturday morning he shared about how God created the universal through the book of Genesis in Bible with one of the male colleague. This male colleague is inspired to buy a Bible after hearing John's sharing.

❖ D. – Authentic Disciple in the Market Place!

Intentionality and sensitive to PDA is a key for D. to live as an Authentic Disciple in his work place. He shared:

- Just be opened to my faith among the peers that won't be joining them on Friday evenings for my involvement in IDT.
- Just to get myself out there as the representative of the King, Jesus.
- Just be out there among my friends and understand that I need to be available for them as they come to me.

❖ P. T. – A Radical Disciple in Work Place! (Video clip)

A paradigm shift from fear to faith as P.T. obeyed God's prompting and invited his colleagues all at one time rather than individual invites. He invited 10 of his colleagues, 7 pre-believers and 3 believers. He shared, "after working with them and having a relationship made it easier for him to invite his colleagues". Wow! What a Radical Disciple in the work place.

❖ J. C. – A Strategic Invitation!

Hi, I have sent out 8 invites and also invite them to free lunch before the Men's Conference to encourage them. (via SMS)
